About Us

Ersa, founded by Metin Atabey Ata, continues to proceed in the light of the principles determined by the board of directors, which includes the second and third generation managers of the Ata family.

“ Like every company, our goal is to grow. However, we will continue this growth in balance and above all by preserving our quality.”

Metin Atabey ATA

Design Awards

Designers & Ersa Studio

Since its founding, Ersa has upheld a strong passion for good design, collaborating with leading designers from Turkey and around the world. Through global partnerships, Ersa brings internationally acclaimed designs to the Turkish market and has earned more than 60 prestigious national and international awards. Believing in the power of thoughtful design, Ersa transforms ideas into refined products that offer users a unique experience beyond functionality.

Embracing a technological, innovative, and eco-conscious production approach, Ersa continues to invest in R&D and design. With the establishment of its first R&D and Design Center in 2017, the company aims to deliver high-value innovations across all stages—from material development to final production—supporting the creation of advanced and contemporary furniture solutions.

Products

Polka brings together elegant details and contemporary technology as a height-adjustable executive desk, adding a dynamic character to executive workspaces. While its natural wood veneer tabletop creates a warm atmosphere in the space, the slim metal structure rising on a single supporting leg forms a strong yet lightweight silhouette.

Polka
Height Adjustable Executive Table

Design by Kadir Cem Tuğcu

About Face is a modular sofa defined by its minimal and functional structure. With various fabric and color options, it adapts easily to different interiors. Clean lines and flexible configuration allow the sofa to bring comfort and a refined contemporary look to a wide range of space settings.

About Face
Sofa

Design by Studio Schrofer

Carna
Executive Chair

Design by Kadir Cem Tuğcu

Carna features a minimal design and ergonomic structure, offered with short or long back alternatives. The optional headrest strengthens its executive use. Clean lines and comfort-oriented details create an elegant seating experience, giving Carna a distinctive presence in modern office environments.

Kalon
Bookshelf

Design by Kadir Cem Tuğcu

Kalon's glass doors and wooden box-shaped drawer modules create versatile storage options in both horizontal and vertical formats. Its modern, well-organized structure adapts easily to office interiors. Combining elegant transparency with strong material expression, Kalon enhances workspaces with clarity and visual balance.

Products

Volos meeting table series offers natural veneer or laminate surfaces with sizes reaching 720 cm. A glass cable cover introduces a modern detail, while slender legs lighten the overall form. Volos brings a refined aesthetic and functional clarity to meeting areas through an elegant, contemporary approach.

Volos
Meeting Table

Design by Kadir Cem Tuğcu

Platan highlights the impact of minimal design with simple lines and modular flexibility. Available in two- and three-seater options, it suits various environments. Its elegant curves and modern structure create a welcoming atmosphere, bringing comfort and contemporary character to communal and waiting areas.

Platan
Sofa

Design by Yonoh Studio

The meeting chair of the Likha series, designed by the Italian design office Studio Balutto Associati, stands out with its extraordinary body design. Likha offers a comfortable usage with its wheeled leg structure and adjustable tilt mechanism, presents a stylish appearance.

Likha
Chair

Design by Balutto Associati

Orbita features a pure and minimal design with its rounded contours harmoniously joined together and its structure resting on a refined metal frame. Available in single and double options, it brings a modern and compact aesthetic to waiting areas, adding a light, clean, and contemporary character to the space.

Orbita
Sofa

Products

Palia operational desk series blends functionality with a clean, modern aesthetic. Slim metal legs and integrated storage support efficient work habits, while multiple size options ensure adaptability. Durable materials and refined lines allow Palia to meet contemporary office needs with both practicality and visual harmony.

Palia
Operational Desk

Design by Ers Studio

Polka's aluminum profiles can be installed from floor to ceiling or near the wall, enabling versatile configurations. Natural wood veneer drawers and customizable shelves offer flexible storage. With its organized, architectural structure, Polka enhances workspaces through visual clarity and modern expression.

Polka
Bookshelf

Design by Kadir Cem Tuğcu

Moira task chair series offers ergonomic comfort through adjustable lumbar support, 4D armrests, seat height, seat depth, and controlled back recline. These features allow a personalized sitting experience. Alongside its task model, Moira also includes an executive version equipped with a supporting headrest.

Moira
Chair

Design by Ersa Studio

Summer enhances its modular structure with pouf and backrest options, offering a warm and inviting low-seating experience. Its quilted detailing and distinctive backrest design provide both comfort and visual character, while the flexible modular system allows it to adapt effortlessly to different spaces and needs.

Meliades Executive Desk
Talia Meeting Chair

Our timeless designs offer long-lasting use in every space while maintaining their aesthetic value.

By combining quality and elegance in every detail, we aim to create both comfort and sophistication.

Open office areas, that cares about comfort, designed according to the needs of everyone.

Highlights Marmore Executive Desk

● **Vigo Armchair**

○ Studio Schrofer

Vigo armchair designed by Studio Schrofer, which brings a different touch to waiting chairs with its comfort and design, offers its users a different session experience in office spaces, both visually and functionally.

- **Stoneage Side & Coffee Table**
 - Studio Schrofer

Stoneage has a modern design with its angled tripod leg structure and pebble-shaped coffee table top that comes with different material alternatives. The angled form of the leg structure under the table saves space, while making the side table versions easier to use next to the sofa.

Highlights Idan Sofa

● Narm Armchair ○ Kadir Cem Tuğcu

Narm, where form and function come together, reflects the Scandinavian design atmosphere in its most comfortable way with its wooden case. Having a simple and stylish design with material details on the seat and back, the Narm armchair does not give up its comfortable appearance while providing arm support with its cushioned structure on the armrest.

- **Triad Executive Desk**
 - Kadir Cem Tuğcu

Triad executive desk brings a new perspective to the definition of executive desks with its special triangular design. Triad executive desk, which provides a wide usage to its user with its geometric form, also adds an elegant view to the design of the area where it is used.

Highlights Tear Meeting Table

● Impero Meeting Chair

○ Kadir Cem Tuğcu

Impero, which carries a high level of comfort and effectiveness to the center of its design, gets a unique appearance with its line detail. While the series offer low and high back alternatives, the headrest can be added only to the high-backed version for an ideal seating experience for executive rooms.

● **Carna Meeting Chair**
○ Kadir Cem Tuğcu

With its simple design and comfortable use, Carna draws attention with its ergonomic structure while diversifying with short and long back alternatives. Carna, which makes a difference among meeting chairs with its wooden back detail, stands out with its stylish design.

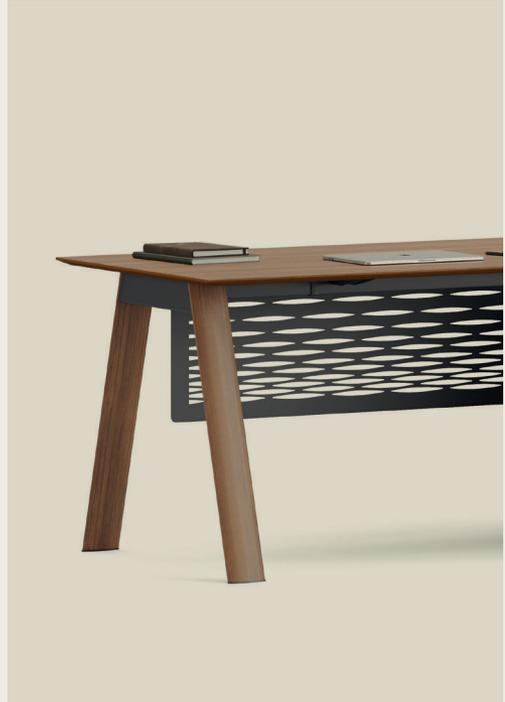

Highlights Yoka Operational Desk

● Yoka Operational Desk ○ Kadir Cem Tuğcu

Yoka operational desk series makes a difference with its design and material engineering for contemporary workspaces. The diagonally arranged elliptical legs, which distinguish the Yoka desk as a whole from standard work desks, are offered with metal or wood veneer alternatives applied with a special technique on metal. The table top, which is produced with a curved cut towards the bottom surface, visually displays a thin and light appearance, while guaranteeing durability with its material.

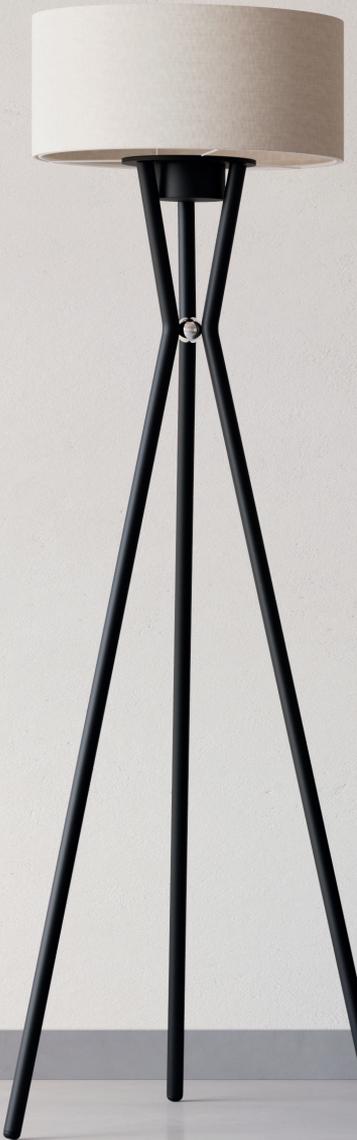

- **Risus Office Chair**
 - Ersa Studio

Risus, bringing the power of the classic to the center of its design, is included in the working spaces as a modern task chair thanks to its technical features. While the curved ends on the seat cushion provide a comfortable sitting for the user, the curved back design strengthens the lumbar support.
