ersa

About ersa

Ersa, since its foundation was laid in 1958 by Metin Atabey Ata in a metal workshop in Sivas, has become one of Turkey's largest furniture manufacturer with its innovative and high-quality products and exportation to 41 countries across the world. While continuing its design and innovation-oriented growth every year, Ersa celebrates the 60th anniversary of its establishment with a product range developed for workspaces as well as living spaces.

Product

Ranking as one of the largest manufacturers within the sector with its 4,5 million square meters panel boards, 500.000 linear meters of laminated panels and 530.000 pieces of furniture production capacity at the 60,000 square meters production area in Ankara; Ersa adopts an environmentally friendly and innovative production approach both in the structural features of its factory and production facilities.

60+ International Design Awards

As Ersa adopts the principle of adding a value to the future, the firm has advanced, in this context by preserving and developing its design perspective, since the day it was founded. Reinforcing its innovative, modern and developer approach to design with more than 60 national and international awards, the company maintains this vision and improves it day by day through collaborations with numerous Turkish and international designers.

Ersa views
sustainability not as
a requirement, but
as a *step forward*.

Ersa Sustainability Approach

From 1958 to today, the Ersa story approaches sustainability not as a result, but as an ongoing journey.

Going beyond form and function, Ersa considers the entire process as a whole — from raw materials and production to user experience and environmental impact. By bringing the values of the past together with the needs of today, Ersa aims to create more balanced, conscious, and livable spaces for future generations. Sustainability is an integral part of good design for Ersa.

Driven by its passion for good design since the very beginning, Ersa collaborates with numerous Turkish and international designers, and also offers designs by some of the leading brands to the Turkish market through global partnerships. As the owner of more than sixty prestigious local and international awards, Ersa believes in the power of good design and addresses design together with the idea behind it while developing and masterfully crafting products to offer users a new and unique experience beyond function.

Designers

Driven by its passion for good design since the very beginning, Ersa collaborates with numerous Turkish and international designers, and also offers designs by some of the leading brands to the Turkish market through global partnerships. As the owner of more than fifty prestigious local and international awards, Ersa believes in the power of good design and addresses design together with the idea behind it while developing and masterfully crafting products to offer users a new and unique experience beyond function.

Ersa Studio

Adopting a technological, innovative and environmentally friendly approach to production, Ersa, besides its manufacturing power aims to offer innovations with high added value in all processes from raw materials to end products by investing in R&D and design capacities. Having launched Turkey's first R&D and Design Center in the field of office furniture in 2017, Ersa carries out activities for the development and production of raw materials and semi-finished products to support innovative and technological design in the furniture industry.

Magro

Operational Desk

Designer:

Kadir Cem Tuğcu

Magro operational table series reflects the dynamism of different materials by bringing metal and wood together in a single structure. The wooden coating workmanship applied as a whole to the table top and the table surface stands out as the most striking design detail of Magro. The metal layered leg design, located between two wooden panels, both appeals to the eye with its thinness and saves space in the used area. Single person desks and desk systems for 2,3,4 and 6 person in the series offer a regular desk usage with storage unit attachments such as caisson and shelving.

Magro

Kadir Cem Tuğcu

So

Operational Desk

Designer:

Claudio Bellini

So operational desk series, designed by Claudio Bellini; stands out as a product group that represents a minimal and flowing style. Displaying a unique stance with its diagonal leg design, So has a variety of sizes and models ranging from single person desks to 4 person desk systems. The caisson and shelving attachments offered to create a more organized working environment for the user while providing extra functionality with the tray area on the upper surface.

Designer:

Kadir Cem
Tuğcu

Yoka operational desk series makes a difference with its design and material engineering for contemporary workspaces. The diagonally arranged elliptical legs, which distinguish the Yoka desk as a whole from standard work desks, are offered with metal or wood veneer alternatives applied with a special technique on metal. The table top, which is produced with a curved cut towards the bottom surface, visually displays a thin and light appearance, while guaranteeing durability with its material. The series, which has alternative model and size options ranging from single work desks to 2, 3, 4 and 6 person systems, promises regular and functional usage in work areas with its caisson, shelving and divider panel attachments.

Yoka

Kadir Cem Tuğcu

Hana

Operational Desk

Designer:

Kadir Cem
Tuğcu

Hana, is a dynamic desk group with its angled foot structure and felt panel attachment. With its single, double, quartet and hexadecimal alternatives, it offers the most appropriate answer to the needs in work areas. Hana, which's legs are diversified with different color alternatives, easily adapts to the place where it is located. The desk group also offers a various storage solution to its users with the caisson and shelving add-ons optionally included in its design.

Hana

Kadir Cem Tuğcu

Luta

Operational Desk

Designer:

Ersa Studio

Luta operational desk series represents an environmentally friendly production approach with minimum material usage. With its thin table top and triangular leg structure that offers a unique aesthetic appearance from every angle, Luta offers a minimal and functional usage that is free from excess details. Luta can be positioned in many places from operational work areas to open offices, from home-offices to executive units, thanks to the single-person desks and 2-, 3-, 4-, and 6-fold desk systems in the series. It is possible to create a more organized and functional working environment with multi-purpose storage add-ons such as caisson and shelving.

Luta

Ersa Studio

Domino

Operational Desk

Designer:

Ersa
Studio

Domino operational desk is a series that meets the needs of workspaces with minimal details. The product family, which extends from a single desk to a six-person multi-desk system, provides users with a more organized and functional working environment with multi-purpose storage add-ons such as caisson and shelving. All office desk models in the Domino series offer alternatives for many spaces, from operational work areas to open offices, from home-offices to executive units, with their size options.

Height Adjustable
Executive Desk

Single Desk+
Storage Unit

Designer:

Kadir Cem
Tuğcu

Polka brings together elegant details and contemporary technology as a height-adjustable executive desk, adding a dynamic character to executive workspaces. While its natural wood veneer tabletop creates a warm atmosphere in the space, the slim metal structure rising on a single supporting leg forms a strong yet lightweight silhouette. Its smart height-adjustment system provides ergonomic adaptability to changing working positions throughout the day. With its minimal lines, refined material selection, and functional details, Polka offers a balanced harmony of prestige and comfort in executive offices.

Ravel

Side&Coffee Table

Getting involved into space as an architectural element with its foot design reminiscent of the ancient arch architecture, Ravel is introduced to its users with its three different form; Round, rectangular and ellipse. While its rectangular and ellipse types with coffee-table function have a two-layered table, Ravel's round formed corner table can diversify as natural-facing and marble.

Designer:
Kadir Cem Tuğcu

Round Rectangle Ellipse

Mikado

Side&Coffee Table

Mikado coffee table offers a stylish look to the space with its round or triangular table form and elegant leg design.

Designer:
Ersa Studio

Round Ellipse

Coloni

Side&Coffee Table

Coloni, which has a soft table appearance with its rounded lines, has a balanced structure with its leg structure supporting the table top. With its different heights and table sizes, Coloni meets the different needs of its users.

Designer:
Cansu Ata

Round Round

Slim

Side&Coffee Table

Slim coffee table, made of metal material, can easily adapt to most space settings with its geometric form and minimal design. Offering three different alternatives as square, elliptical and round, Slim stands out as an innovative design.

Designer:
Kadir Cem Tuğcu

Terra

Side&Coffee Table

Presenting a modern and plain look with its coffee table and corner table options, Terra comes to the forefront through the merge details of its feet and table. Presented with its two different length alternatives along with rectangular options, Terra functions as a practical complement thanks to its wide table surface.

Designer:
Kadir Cem Tuğcu

Alpas

Side&Coffee Table

Taking attention with its foot structure at first glance, Alpas provides a dynamic appearance through its dual metal feet and bent-formed base while standing out with its wooden table purified from details. Alpas can be used as a coffee table and a corner table with its round, square and rectangular alternatives within different length options.

Designer:
Kadir Cem Tuğcu

Frame

Side&Coffee Table

Frame coffee table by Ece Yalım Design Studio, which can be preferred according to the geometric needs of the area with its square, rectangular form and storage solution variations, underlines a simple and elegant design approach. Frame can be used in common areas, executive rooms, reception areas and social areas, and gives a modern look to almost every space with its different surface options.

Polka

Bookshelf

Designer:
**Kadir Cem
Tuğcu**

In addition to the natural wood veneer drawer unit and the shelves that can be included in the desired number, the aluminum profiles that give Polka a remarkable appearance can be evaluated by fixing them to the floor and ceiling in front of the wall or in the middle area.

Field

Bookshelf

Designer:
**Kadir Cem
Tuğcu**

Field, which consists of metal shelves that can be attached angled or horizontally with special fasteners on aluminum profiles fixed from the floor to the ceiling, integrates with the interior and becomes a natural part of the building. Additionally cabinets, drawer units as well as shelves can be added to the system.

Toska

Bookshelf

Designer:

**Kadir Cem Tuğcu
& Cansu Ata**

Toska, which can be easily shaped according to the needs of its users with the modular structure and different shelf and storage system, is both a bookcase and a storage unit. The variety of blocks and dimensions provides any kind of open or closed storage space.

Eclipse

Bookshelf

Designer:
**Kadir Cem
Tuğcu**

Natural wood coated shelf surfaces and carrier pipe profiles developed using a special technique make Eclipse the savior of the place where it is used. Eclipse, which draws attention with its durability and stylish design, also serves as a storage with the drawers in the lowest compartment as well as a bookcase.

Meliades

Bookshelf

Designer:

Kadir Cem
Tuğcu

The bookcase unit of the Meliades series offers an innovative solution to the storage need with its use of high quality materials and its characteristic design. While coating or laminate can be preferred on the shelves, metal material colored with epoxy or chrome paint is used in the cross-shaped shelf carriers. Meliades bookshelves are offered in different configurations with drawers and shelf units, depending on their size.

Lin

Bookshelf

Designer:

Alexis &
Murat Şanal

Lin bookcase series, which consists of modular structure and independent units, offers various configuration options according to the structure of the interior. Lin, which can be measured at different heights and depths, can be used by being mounted on the wall in the space, or it can also be used as both a library and a divider unit in the space thanks to its two-way modules.

Odin

Bookshelf

Dione

Sofa

Designer:
Ersa Studio

Dione sofa series, which has developed with inspiration from the timelessness of the classical style, is positioned in the leading role of the place where it is used with its comfort and eye-catching design. The back cushions of the design, which are completely quilted on the seat and back surface, are at the center of comfort. On the other hand, cylindrical pillows in the armchair area, reinforce comfort as a complementary element.

1-Seat Sofa

2-Seat Sofa

3-Seat Sofa

Rhino sofa series, interpreting different materials and textures together, presents an elegant stance in the place where it is used, both with its appearance and workmanship. In addition to the wood veneer or standard floor frame alternatives in the series, decorative details can be applied with or without quilting, depending on preference. Rhino sofa, which brings together different forms homogeneously with its curved interior surface and oblique armrest structure on the exterior, offers the most suitable fabric, leather, and material options for the interior of the executive rooms.

Idan has both a stylish look and a comfortable use, with its quilted seating front, back stitch details and rounded lines. For users who prefers a stylish design in offices, Idan can easily adapt to different uses with its modular versions.

2-Seat Sofa

Inclined sofa

Denver

Sofa

Designer:
Claudio Bellini

Denver sofa stands out with its thoughtful details that create elegance in its plain form. With its minimal angles on the back edges and armrest line, Denver appeals to the eye with the subtleties that create unity with each other in its plain form. The metal leg design, which carries the sofa body and is perceived as four independent parts, brings together Denver's aesthetics and unique production technique. The seat font, which is designed close to the ground, makes the user feel more comfortable, while the sponge structure consisting of special layers makes Denver's comfort unique.

1-Seater Sofa

2-Seater Sofa

3-Seater Sofa

Kurve

Sofa

Designer:
Cansu Ata

Kurve, which takes its name from the curved structure of its back design, stands out with its fine details in the combination of the back-armrest-seat trio and its elegant leg structure.

1-Seat Sofa

2-Seat Sofa

Orbita

Sofa

Designer:
Yonoh Studio

Orbita features a pure and minimal design with its rounded contours harmoniously joined together and its structure resting on a refined metal frame. L-Shaped Configuration

Modular Configuration

Corn

Sofa

Designer:
Yonoh Studio

Corn offers natural lumbar support through its carefully sculpted backrest curvature. With its elegant lines, ergonomic back form, and minimal silhouette, it brings both aesthetic value and comfortable seating to waiting and working areas.

1-Seater Sofa

2-Seater Sofa

Summer

Sofa

Designer:
Yonoh Studio

Summer enriches its modular structure with pouf and backrest options, combining them with a low-seating form that brings a warm and inviting touch to any space. Its quilted detailing and distinctive backrest design offer a cheerful yet comfortable seating experience, while the flexible modular setup allows it to adapt effortlessly to the needs of each environment.

1-Seat Sofa 1-Seat Sofa Pouf Pouf

Bolt

Sofa

Designer:
Claudio Bellini

Bolt series draws attention as a design that draws its aesthetic power from simplicity. While the series reflects a sculptural stance with its cubic form and armrest structure descending in the form of an arc; promises a unique comfort in the user experience. While Bolt surrounds the user securely during seating, it provides an ergonomic experience thanks to its ideal back and armrest height.

1-Seat Sofa

2-Seat Sofa

3-Seat Sofa

Cordelia

Sofa

Designer:
Ersa Studio

Cordelia, which has a simple appearance with its thin metal leg and armrest structure, is perfect for those who prefers an elegant yet practical design in office areas. Cordelia offers a comfortable experience to its users with its large seating font.

1-Seat Sofa

2-Seat Sofa

3-Seat Sofa

Brisa

Sofa

Designer:
Ersa Studio

Brisa sofa bed offers a multi-purpose use to its users behind its modern design. Brisa, which can be used both as a sofa with its front view with pillows, simple and modern style, also stands out with its bed feature which can be easily pulled out with its handle.

2-Seat Sofa

3-Seat Sofa

Mirage

Sofa

Designer:
Kadir Cem Tuğcu

At first glance, Mirage brings its user a sensation of comfort and makes your dreams come true. With its high arm structure, it offers its users a two way reclining, both backwards and sideways, while its angled legs simultaneously underline an innovative look with the use of wood and metal.

1-Seat Sofa

2-Seat Sofa

3-Seat Sofa

Hola

Sofa

Designer:
Ersa Studio

With its modern design lines and comfortable structure, Hola is a distinguished seating series that offers a unique visual detail through the piping accents added to the cushion edges, armrests, and seat frame.

1-Seat Sofa

2-Seat Sofa

3-Seat Sofa

Antilia

Sofa

Designer:
Paolo Piva

Antilia is shaped according to the creativity of its user with its modules in different sizes and structures and gives freedom to living spaces by demolishing all spatial boundaries. Antilia which consists of corner, middle and pouf modules, can be evaluated either by leaning against the wall or alone in the middle.

2-Seat Sofa

Dark

Sofa

Designer:
Ersa Studio

Dark, contrary to its modest appearance, offers a distinctive style as an elegant seating series, with its delicately crafted design setup and material structure. Providing a unique feeling of comfort with the depth of the seat and the softness of its inner filling, Dark is preferred in work areas with its modern style.

1-Seat Sofa

2-Seat Sofa

3-Seat Sofa

Zenra

Sofa

Designer:

Trapeze

Pouf

With the portable structure and 7 different square and rectangular modules, Trapeze is a pouf module which is designed by Ece Yalim Design Studio. Trapeze offers its users a creative and entertaining experience with endless combination options while in the module with electrical outlet an optional coffee table can be inserted according to the need.

Designer:

Ece Yalim
Design Studio

Mag

Pouf

Developed for the common areas such as workspaces and waiting spaces functioning as a magazine and newspaper holder along with a seating unit, Mag takes attention with its modular design. Its round form comprising of two seating units and metal extension can be used in S form, while its square module can be extended with a metal addition and can become compatible with the interior as a rectangular form.

Designer:

Ece Yalım
Design Studio

Scroll

Pouf

Contrary to its plain form, Scroll, which has a hypnotic effect thanks to its spiral pattern on the seating surface, is a dynamic pouf series developed in different height and sizes. Scroll, which can be optionally wheeled or with fixed legs, can be the prominent complement of common areas with the snail form as well as the round form.

Designer:

Ece Yalım
Design Studio

Meld

Sofa

Meld, developed for the cafeteria and common areas such as waiting and reception, is a modern seating unit with its linear back, seating depth and thin legs. Meld, which is diversified in two different sizes and offers the most ideal solution to the needs of the space by coming together in a modular structure, can be used against the wall or alone.

Designer:

Ersa
Studio

2-Seat Sofa

Follow Me

Pouf

As a minimal seating unit having a simple design and comfortable structure, Follow Me conveys a geometric movement into space by bringing together angular or linear, two different forms within one structure. Follow Me offers an ergonomic usage by enabling its user the opportunity to pull back his/her feet back. Follow Me can be replaced easily thanks to its leather handle extending through the module.
